DETAILED ACTION

1. This action is in response to the amendment filed 2/9/2009.
2. Claims 1-3, 9-12, 15 and 20 have been examined and are pending in the application.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-3, 9-12, 15 and 20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

A. The following terms lack antecedent basis:

- (i) the software (line 6 claim 1). Correction is required.
- (ii) the software license instance (lines 9-10 claim 1). Correction is required.
- (iii) the network software (line 13 claim 1). Correction is required.
- (iv) the initial request (line 2 claim 2). Correction is required.
- (v) the computer display (lines 3-4 claim 9). Correction is required.
- (vi) the computer (line 2 claim 11). Correction is required.
- (vii) the software license instance (lines 9-10 claim 15). Correction is required.

B. The claim language in the following claims is not clearly understood:

(i) As to claim 1, it is unclear whether “a data packet” (line 13) refers to “at least one data packet” (line 6). Correction is required.

(ii) As to claim 1, it is unclear whether “a request” (line 13) refers to “a request” (line 7). Correction is required.

(iii) As to claim 9, it is unclear whether “the wireless network capable device” (line 2) refers to the first of second device mentioned in claim 1. Correction is required.

Allowable Subject Matter

4. Claims 1-3, 9-12, 15 and 20 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
